YUCATAN NOW IN REVOLT  
AGAINST MADERO REGIME.Diaz and Three Officers Condemned to  
Death by Court-Martial.President Turns Deaf Ear to Appeals for Clemency,  
and Popular Voice of Protest Against Execution Is  
Growing So Persistent and Strong that Senators Are  
Discussing Impeachment of Executive.

[BY A. P. NIGHT WIRE TO THE TIMES.]

MEXICO CITY, Oct. 27.—Gen. Felix Diaz, leader of the revolution recently inaugurated in Vera Cruz and three of his confederates have been sentenced to death by the court-martial before which they were tried in that city.

The finding of the military court was announced in Vera Cruz yesterday morning, but the news did not reach here until today.

SENTENCE SUSPENDED.  
At the same time word of the verdict against Diaz was received here, and the report that the military court had decided to recognize the order of suspension of sentence upon the revolutionary leader granted by the Supreme Court pending investigation as to whether the trial of Diaz should be by military or civil court.SITUATION TENNE.  
Popular apprehension regarding the fate of Diaz has not been greatly allayed, however, by this action of the court-martial. The delay in the verdict of the court-martial is characteristic of all communication between the capital and Vera Cruz. The uncertainty as to what is transpiring there has served to increase the tension of the situation.

Friends of Diaz still fear the consequences of the conflict of authority that has arisen between judicial and military courts. It would be no surprise to thousands here to receive a message announcing the execution of the rebel leader and his associates.

MADERO LIKE PLANT.  
Efforts to save the lives, especially of Diaz, continue unabated. Unconfronted women, men high officials, members of Congress and even high army officers have appealed to President Madero for clemency, but to his has given the same negative answer.

A group of women has intimated that to show clemency would be construed by the world as an indication of weakness. He cited as an example that when he captured Juarez he pardoned Gen. Navarro, which action the world attributed to weakness instead of to magnanimity.

IMPEACHMENT TALK.  
The popular voice of protest has grown so strong against the execution of Diaz that there has arisen between the President and Senate a sharp discord, and as individuals the Senators have seriously discussed the question of impeachment because of the administration's defiance of that body's interpretation of the constitution. They will take this step is not considered probable for many reasons, one of them being the question of success.CHEERED BY CADETS.  
An incident showing the popular attitude occurred at Chapultepec on the occasion of a visit of a committee of women who pleaded for the lives of the condemned men. When leaving the castle they were cheered by cadets of the military college quartered in the same building.

That the suppression of the Diaz revolt has shown strength on the part of the government is evidenced in the capital, but that the situation has been greatly improved is a matter of doubt.

YUCATAN IN REVOLT.  
A number of rebel bands who were operating in many parts of the republic are still active and apparently as active as before. Added to this is a well-defined new revolt in Yucatan.

Gen. Aguilar continues his campaign in the region by Tehuacan, where since the affair at Vera Cruz, his followers have entered a number of towns and appropriated horses and supplies.

GUERRILLA FIGHTING.  
Col. Diaz Ordaz, cousin and chief lieutenant of Gen. Felix Diaz, has not yet been captured. His whereabouts are unknown and many believe it is not improbable he will continue the work begun by Diaz. His fear is felt of the advance on the capital by the rebels, because it is well known that they have not sufficient ammunition to conduct a systematic warfare. The persistence of these rebels, however, make practically certain the continuance of guerrilla fighting indefinitely.

With the ending of the Diaz campaign, the government is sending the troops back to the disturbed sections, especially about Torreón and in the State of Mexico, where the rebels lately have occupied and burned the railway stations between Toluca and Mexico City.

FOUR CONDEMNED TO DEATH.  
A late dispatch from Vera Cruz in the Herald says the court-martial sentenced to death Gen. Diaz, Col. Antonio Miguñ, Maj. Zetate, and Lieut. Salustio. Other officers, according to the dispatch, were sentenced in terms of imprisonment as follows:

The years, Capt. Hermilio Martinez, Lieut. Camacho and Lieut. Mallon; two years, Gabriel Ramos, administrator of the customhouse, and Her-

man Arostegui, who was the Diaz press censor.  
The execution of sentence has been suspended pending the fixing of the jurisdiction, and the condemned men have been placed at the disposition of the military commander of the city.MEXICAN DEPUTIES  
HAVE HOT DISPUTE.[BY A. P. NIGHT WIRE TO THE TIMES.]  
MEXICO CITY, Oct. 27.—Unless the administration members of the chamber cease their tactics of blocking an interpolation of the executive the remainder of the deputies threatened tonight to go into the streets and appeal to the people and even to call upon the people to revolt.

When it became evident late yesterday that the same members who yesterday absent themselves from the session had again refused to present themselves, the other deputies, angered to the point of fury because of the lack of a quorum, appointed a committee to bring them to the chamber. At the same time they declared they would deliver a coup d'etat in event of failure. Sensational speeches were made.

The threats of the deputies to make an appeal to the populace, however, came to naught. Although the committee sent out to bring in members was unable to induce the administration men to attend the session the minority merely expended their energies in speech-making and then adjourned quietly. Intense interest in the fate of Felix Diaz was manifested tonight and the efforts to save his life continue. The capital, however, is quiet.

Special dispatches from Vera Cruz announce that all the evidence has been taken in the court-martial of the rebel officers and the death penalty has been asked. President Madero has evinced no sign that he will interfere and it is doubted whether the efforts of the authorities for a stay of execution will avail.

BATTLE AT OZUMBA  
VERITABLE SLAUGHTER.[BY DIRECT WIRE TO THE TIMES.]  
MEXICO CITY, Oct. 27.—[Exclusive Dispatch.] The entire peninsula of Yucatan has risen in revolt against President Madero but while the outlook here is grave, the capital is comparatively quiet, and the present regime feels confident that no rebel force will dare attack the City of Mexico.

The Zapatistas, however, have attacked Ozuimba in the southern part of the State of Mexico. The number of dead and wounded on both sides is reported to be very large.

EL PASO (Tex.), Oct. 27.—A condition neighboring on martial law exists today here and at other points on the Mexican frontier. Gen. E. Z. Steever, who from Ft. Bliss, Tex., directs the cordons of troops along the border, is said to have stricter orders from Washington than ever before in the last two years of Mexican revolutions.

It was said today that the State Department practically has turned over all matters pertaining to the Mexican situation to the War Department.

While unannounced officially, it was learned on reliable information that from now on arrests may occur by the military for offenses previously handled by the secret service and tried in Federal courts. Also it was declared that any movement to arm expeditions on American soil for the purpose of entering Mexico to assist the rebels probably will result in an open declaration of martial law over the strip along the international line between Los Angeles, Cal., and San Antonio, Tex.

NEW YORK BUREAU OF THE TIMES, Oct. 27.—The latest juvenile sport, "pushmobile," a combination of sleigh and roller skate, is responsible for an appalling number of deaths. Twenty pushmobiles were struck by speeding automobiles on one New York boulevard today. Three boys are dying and several others are so badly injured they are not likely to survive. Pushmobile accidents are reported from all parts of the East.

Quiet of His New Year's Estate.[By Federal (Wireless) Line to The Times.]  
PURCHASE (N. Y.), Oct. 27.—[Special Dispatch.] Gay doings are expected here after next May when Mr. and Mrs. William Reid will return to their summer home, now being completely renovated for the permanent residence of the hospitable diplomat and his charming wife.

Whitehead Reid has let it be known that his term as Ambassador at the Court of St. James will conclude next spring. He has been urged to take an active part in New York State politics. Republican leaders assure him that his experienced services are needed in the direction of the restoration and rebuilding of that organization. Mr. Reid, it is said, personally desires to withdraw from public life and to devote his time to the more congenial life of an American gentleman. In any event, with the exception of a few months to be spent each winter at their Madison avenue residence, the Reids will be permanent residents here. Mr. Ogden Mills Reid is directing the changes being made at Purchase to the house and grounds.

Saying whether the Bulgarians are in actual possession of the railway station, they are, they have cut the communications between Constantinople and Sofia.

The Bulgarian plan of campaign, according to the well informed correspondent of the Vienna Reichspost at the headquarters of the second Bulgarian army, will be the complete destruction of all Turkish forces along the Maritsa River and those retreating across the Erkenne River. The Bulgarian army, advancing on a broad front, the right flank along a line from Yeniköy to Eski Baba, the western column is to enter each winter at their Madison avenue residence, the Reids will be permanent residents here. Mr. Ogden Mills Reid is directing the changes being made at Purchase to the house and grounds.

At least, that is the criticism of some foreign military observers. The next few months will tell more of the mettle of the men and their commanders.

WASHINGTON BUREAU OF THE TIMES, Oct. 27.—[Special Dispatch.] A new fad has made its way into Washington. To what extent it will be taken up remains to be seen. It is fresh from Switzerland, and the American Minister and Mrs. Henry Sherman Boutel may claim credit for the importation. In their afternoon promenade out Connecticut avenue a few days ago both the Minister and Miss Boutel carried the long Alpine stick used by mountain climbers, especially in Switzerland. The carrying of a small walking stick has long been popular with a number of smart Washington women. Mrs. Meyer, wife of the Secretary of the Navy; Mrs. Nicholas Longworth and Miss Katherine Elkins are among the number. The Alpine stick is newer, and gives a picturesque touch that is not without its appeal.MARTIAL LAW NEXT STEP

LONDON, Oct. 27.—Famine and pestilence in Scutari and Adrianople are adding terrible physical suffering to the wounds caused by Montenegrin and Bulgarian bullets and shells. Bread was \$3 lost in Scutari this morning. All the bread and grain supplies in Adrianople have been seized by the Pasha acting as military provost. The food is being dealt out sparingly at prohibitive cost. The poor people are eating vermin and stewing hide and hemp for soup.  
Torrential rains fell at Scutari and Adrianople today, but the bombardment continues. The fall of Scutari is expected tomorrow or Tuesday at the latest.  
A huge army is now being massed at Eski Baba by the Turks, the left wing resting on the upper bank of the Erkenne, the right extending to the heights above Serai.  
THE LAST STAND.  
The survivors of the battle of Kilk-Kiliseh and the reserves at Demotika the three field corps from the Thracian and troops returning from Asia Minor are being concentrated in an attempt to cover the capital. To these will be added the garrison of Adrianople's twenty-five forts and five divisions of Redif, under orders to retire from Adrianople, to draw the Bulgarians into the narrow wedge formed by the Maritsa and Erkenne rivers and the heights of Lüle Burgaz. If Adrianople falls, as now seems inevitable.GREAT BATTLE THIS WEEK.  
A Constantinople special says the great battle of the war will likely be fought between the forces guarding the trunk road at Eski Baba and Serai, presenting a front of fifty-five miles, during the latter part of the coming week. The plan of the battle has been arranged by Mukhtar Pasha and Abdullah Pasha, who will execute it with 400,000 of the most seasoned veterans. If the Ottoman troops are defeated in this great battle they will retire within the trenches and forts which protect the narrow isthmus, while the Porte makes a final appeal to the great powers to save the empire from annihilation.  
The downfall of Turkey, predicted last night, is virtually an accomplished fact. Her shattered grand army is hemmed in from all sides and being driven, routed, running into the sea of Marmara and the Aegean.  
Lazhi, the Metz of Macedonia, has fallen into the hands of the victorious Serbians.  
One of the most daring, most drastic dashes ever recorded in military history has cut the communications of the Turks at Eski Baba, turning the flank of the main Ottoman army, robbing the baffled pashas of a rallying ground for the remnants of the greatSULTAN IS ANXIOUS

CONSTANTINOPLE, Oct. 27.—Reports of skirmishing on the right wing of the eastern army seem to indicate that the Bulgarians around Adrianople are still developing the turning movement.  
A dispatch from that city says the commander of the Turkish forces has issued a proclamation, declaring that the troops of the garrison around Adrianople are to be retrained by the heroically accomplished the mission required of them and have now withdrawn inside the fortifications, where they are prepared to defend with the courage demonstrated by their fathers at Plevna.

According to information emanating from reliable sources the Sultan has expressed a desire to accompany the generals to the front in order to encourage and inspire the troops by his presence. At an extraordinary council held at the palace all the leading statesmen, advised the Sultan to relinquish this plan.

EIGHTY PER CENT. KILLED.  
Eighty per cent. of the officers, who participated in the fighting on October 23-25, were killed or wounded. The Turkish eastern army is stretched out between Viza and Adrianople and is engaged in checking the advance of the Bulgarians who are trying to push back the Turks and at the same time to cut the communications with Constantinople.No reports were received today regarding the position of the western army, telegraphic communication with Ushak and Salonika having been cut. As a consequence the embassies are without information from the consuls. Communication with Adrianople is working comparatively well, although the embassies' cipher telegrams are not accepted.

### GOOD WISHES, WIRES JOHN L. FORMER CHAMPION CONGRATULATES ROOSEVELT.

The Colonel Celebrates His Fifty-fourth Birthday by Having Dinner With His Family—Receives Many Presents—Doctors Forbid Him to Shake Hands for the Present.

(BY A. P. NIGHT WIRE TO THE TIMES.)

OYSTER BAY (N. Y.), Oct. 27.—Today was Theodore Roosevelt's fifty-fourth birthday and he celebrated it quietly indoors with his family.

Mrs. Roosevelt, Mrs. Ethel, Theodore, Jr., and his wife, and Quentin sat down at the table for the birthday dinner with the head of the family, Kermit, Archie and Mrs. Nicholas. Longworth were unable to be there.

In the afternoon, the Edlin Roosevelt dropped in to extend their congratulations, and Oscar Straus, Progressive candidate for Governor of New York, and Mrs. Straus, came from New York by automobile. Col. Roosevelt asked Mr. and Mrs. Straus to stay for tea, but they felt it would be better for the colonel to rest and remained only a few minutes.

Col. Roosevelt did not leave the house until yesterday. He was so tired from his trip to the Philippines that he had to be carried to bed. He was not able to shake hands with his guests.

Birthdays were celebrated in all day long. One was from John L. Sullivan, "Every good wish to you on your fifty-fourth birthday. I am proud of you."

Col. Roosevelt was especially proud of a painting of a bull moose by a New York artist. The painting, which was a gift from a friend, was a very fine work of art.

### WAR SPIRIT RUNS HIGH IN GERMAN CAPITAL.

BY MALCOLM CLARK.

(By Atlantic Cable and by Wireless from Berlin to the Times.)

BERLIN, Oct. 27.—Germany is striving for the greatest clash in the history of the world. Tonight war is discussed in every part of the capital. The veterans of '97-'98 say the scenes which preceded the Austro-Prussian and Franco-Prussian wars were not to be compared with the excitement of the present moment.

Germany is going to war, prepared for war, every army corps, every transport train is ready for the expected protocol. The name of the Kaiser is on every lip and once more it is the signal for a rousing Prussian cheer.

### DISORGANIZED TURKS LEAVE ISTIB TO BULGARS.

(By Cable and A. P. to the Times.)

SOFIA, Oct. 27.—The Bulgarians today occupied the Turkish town of Istib in Macedonia, which lies forty-five miles southeast of Uskup.

It is said the Turks evacuated Istib without offering the slightest resistance. After a battle near Katchin, fourteen miles to the north, the Turks apparently were completely disorganized and left a large quantity of rifles and stores along the road between the two towns.

It is known as the Adrianople of Macedonia. It occupies a strong natural position in the mountains. The Bulgarian forces have captured Eski Baba, an important point between Adrianople and Constantinople, and have penetrated twenty miles into the Arda River district and taken all the villages on the left bank, including the town of Pashmakli.

BUNNELL'S AMERICAN TOWED BACK TO TOWN.

Early Sunday evening Marc Bunnell's American racer, which crashed in the Los Angeles to Phoenix race and was wrecked, was brought back to Los Angeles. Neither the driver nor his mechanic were injured.

This is the same car which was driven from Portland to Seattle by Bunnell for the record, and in which he set the new record for the run around San Francisco Bay.

THE TIMES NEWS MAP.

This unique project attracts attention and secures curiosity. Same attention is made in the map today in order to make it still more complete.

The reader's attention is called to the revised list of symbols printed at the bottom of the map.

The devices as they appear on the map are shown in the margin of the map by using only figures enclosed in circles. The figures are arranged in the margin of the map.

An arrow with a figure has been drawn at appropriate places in the map to show the direction of the day's news. The figures are arranged in the margin of the map.

A quick glance at the respective symbols on the face of the map will instantly show to the reader the nature of the day's news.

TACOMA (Wash.) Oct. 27.—[Exclusive Dispatch.] Nellie Marie Tacoma girl of prominent family, and Fred Hogan of Tacoma, O. for \$100,000, demanding \$100,000 each alleged breach of promise.

The suit has been transferred to the State to the Federal court case Hogan is an alien. The suit will begin Tuesday before Judge Cushman. The jury panel consists of one woman. The trial promises to be sensational. Several attorneys will represent each side. Miss Marie is a tall handsome blonde.

For years she and her sister were prominent in South Side social functions. Miss Marie alleges she was seduced by Hogan in March, 1908. He went to Tacoma, returning in December, 1911. On this second visit Hogan is said to have wooed and won. She alleges their troth was plighted and an agreement made to wed in three years.

She alleges he visited her daily for seven months, frequently discussing their proposed marriage and planning for the future. Hogan, she alleges, took her to numerous parties during the summer of two years ago. She alleges she was seduced by Hogan, who she alleges, she filed her return to Tacoma.

Hogan makes a vigorous denial, declaring he visited the Marie Marie by request. He alleges she was seduced by Hogan, who she alleges, she filed her return to Tacoma.

BY DIRECT WIRE TO THE TIMES

PORTLAND, Oct. 27.—[Exclusive Dispatch.] That cigarette-smoking and liquor-drinking are increasing among girls and women of Sacramento and Portland at an alarming rate was the statement made by police women of the two cities at the closing session of the policemen's convention here last evening.

Miss Anna McCormick, head of the women's police of Sacramento, declared she had observed an increasing number of intemperate women, and women who smoke cigarettes in the California capital. The problem of how to check such evils was becoming more and more serious, she declared.

SMOKING A PROBLEM.

That Dame Nicotine's baneful influence on high school girls of Portland has become a grave problem with the Portland department of public safety for women was the announcement made by Mrs. Lela G. Baldwin, head of the department. Mrs. Baldwin told the department that she was sorry to have to admit the shocking fact that her observations have convinced her that the cigarette habit among local women, and especially among high school girls, has assumed much proportions as to amount to a distinct menace to society.

PEARL HARBOR  
IMPREGNABLE.Hawaiian War Maneuvers  
Yield Information.Praise for Fighting Spirit of  
the Kanakas.Territorial Defense Force  
Under Consideration.

(By Federal (Wireless) Line to the Times.)  
WASHINGTON BUREAU OF THE  
TIMES, Oct. 27.—[Special Dispatch.]  
The War Department officials are  
shocked over the excellent state of  
Pearl Harbor defenses, which are  
proved impregnable by last week's  
Hawaiian war games. A brief dis-  
patch has been received giving a  
synopsis of the work. A detailed re-  
port which will be forwarded by mail,  
will form the basis for amplification  
of the fortification plans now in  
process of completion.

Army officers in Washington who  
have served at Honolulu praise the  
patriotism and the fighting qualities  
of the Kanakas. A territorial de-  
fense force is now under considera-  
tion, the idea being that Hawaiians  
graduated through West Point could  
be assigned with American army of-  
ficers to command the Kanaka  
troops.

## GOAT ISLAND, FOR SURE.

Geographic Board Changes Name  
of Yerkes Boats Out of Deference to  
Local Usage.

(By Federal (Wireless) Line to the Times.)  
WASHINGTON BUREAU OF THE  
TIMES, Oct. 27.—[Special Dispatch.]  
Prof. Henry Gannett, president of the  
United States Geographic Board, said  
today that the name of Yerkes Boats  
Island had been changed to Goat  
Island last year, and that he could  
assign no other reason for the change  
than the fact that Goat Island was  
the name commonly used by the peo-  
ple of San Francisco.

It is the practice of the board to

have names conform to the local

usage, where there is no conflict of

nomenclature. Other members of

the board said tonight that the

change to Goat Island was merely to

conform to local usage.

Wise Counsel.

PRESENT CRISIS DEMANDS

RE-ELECTION OF TAFT.

Philadelphia Merchant, in a Series of Crisp, Epigram-

matic Utterances, Puts the Issue Up to the American

People—Points Out Danger of Placing in Presidency

an Untried Man.

(By A. P. NIGHT WIRE TO THE TIMES.)

PHILADELPHIA, Oct. 27.—In a

political statement John Wan-

maker said in part:

"The main points at issue in the

coming election are exactly as I

stated in my letter of October 4.

Nothing I said therein has been dis-

proved. Neither the contractor nor

the merchant would put at the head

of his own mercantile or railroad

business a man, no matter how

scholarly, who never had an hour's

experience in managing the millions

of people employed by the govern-

ment and the expenditure of a million

of money annually.

PITHY AND POINTED.

"Ideal grievances against the

government call for ideal treatment."

"If the majority is wrong, the remedy

proposed is surely wrong."

"So far it seems to many the cry

for liberation is but a howl for

power."

"Past administrations of the gov-

ernment have seldom had more than

one great question to deal with."

"For a long period it was the ques-

tion of slavery."

"Latterly it has been the question

of trusts and their regulation."

NEW QUESTIONS.

"In the next four years there are

fronting us the supremely vital is-

suues of monetary affairs, tariff, trans-

portation, including the Panama

Canal; commerce and labor."

"Which of the three men running

for the office of President is best qual-

ified to deal with these questions—

that of us?"

"If changes are to be made should

they not be made with infinite cau-

tion?"

"The Constitution is well tried and

it is well tried and it is well tried

and it is well tried and it is well

tried and it is well tried and it is

TWO LOVERS,  
ONE BRIDE.Des Moines Man Seals Part-  
ner's Placance on Wed-  
ding Eve.(BY DIRECT WIRE TO THE TIMES.)  
KANSAS CITY, Oct. 27.—[Exclusive Dispatch.] When  
Richard Norman of Des  
Moines, Iowa, formerly a resi-  
dent of Kansas City, read in a  
Kansas City paper that John  
McCanles, his former partner,  
had taken out a license to  
marry Miss Ethel May Ander-  
son, who had been the stenog-  
rapher for the firm of Nor-  
man and McCanles, he took a  
train for Kansas City. Nor-  
man and McCanles had both  
fallen in love with Miss An-  
derson. She seemed to favor  
McCanles and Norman went  
away. When Norman read  
about the marriage license the  
old saw about faint heart and  
faded lady occurred to him. Ar-  
riving in Kansas City he went  
immediately to the home of  
Miss Anderson in Kansas  
City, Kan. Meantime Mc-  
Canles, who lives in Kansas  
City, Mo., was preparing for  
his marriage. He and his  
mother were getting his things  
ready to be packed when a  
messenger came with this tele-  
gram: "Be a good loser, Mac.  
All is fair in love and war. I  
have married Ethel." The  
telegram came from Leaven-  
worth, where it had been sent  
from the train on which Nor-  
man and the former Miss An-  
derson were leaving for their  
new home in Des Moines.

RE-ELECTION OF TAFT.

Philadelphia Merchant, in a Series of Crisp, Epigram-

matic Utterances, Puts the Issue Up to the American

People—Points Out Danger of Placing in Presidency

an Untried Man.

(By A. P. NIGHT WIRE TO THE TIMES.)

PHILADELPHIA, Oct. 27.—In a

political statement John Wan-

maker said in part:

"The main points at issue in the

coming election are exactly as I

stated in my letter of October 4.

Nothing I said therein has been dis-

proved. Neither the contractor nor

the merchant would put at the head

of his own mercantile or railroad

business a man, no matter how

scholarly, who never had an hour's

experience in managing the millions

of people employed by the govern-

ment and the expenditure of a million

of money annually.

PITHY AND POINTED.

"Ideal grievances against the

government call for ideal treatment."

"If the majority is wrong, the remedy

proposed is surely wrong."

"So far it seems to many the cry

for liberation is but a howl for

power."

"Past administrations of the gov-

ernment have seldom had more than

one great question to deal with."

"For a long period it was the ques-

tion of slavery."

"Latterly it has been the question

of trusts and their regulation."

NEW QUESTIONS.

"In the next four years there are

fronting us the supremely vital is-

suues of monetary affairs, tariff, trans-

portation, including the Panama

Canal; commerce and labor."

"Which of the three men running

for the office of President is best qual-

ified to deal with these questions—

that of us?"

"If changes are to be made should

they not be made with infinite cau-

tion?"

"The Constitution is well tried and

it is well tried and it is well tried

## CLASS HATRED AT FUNERAL.

Haywood Alleges That Victim of  
Street Quarrel Was Killed Because  
He Was Member of I.W.W.LAWRENCE (Mass.) Oct. 27.—  
Twenty-five hundred persons attended  
yesterday the funeral of John Smal-  
sky, a member of the Industrial  
Workers of the World. Smalsky died  
Tuesday from a blow received in a  
street quarrel.As the body was being lowered into  
the grave, William D. Haywood, one  
of the leaders of the Industrial Work-  
ers, spoke briefly, alleging Smalsky  
was killed because he was a member  
of that organization.

IRON ORE SHIPMENTS.

Inspectors Say They Are Heavier  
From the North of Michigan Than  
Ever Before.(By Federal Wireline Line to The Times.)  
LANSING (Mich.) Oct. 27.—[Spe-  
cial Dispatch.] According to the re-  
port of mining inspectors of the Up-  
per Peninsula, more iron ore is be-  
ing shipped this year than ever be-  
fore. The figures were compiled to  
disprove the statements issued from  
the smelters and dependent shops  
that ore was becoming scarce and  
that the smelters and dependent shops  
would be forced to close for the year.The largest amount ever shipped in  
one year heretofore was 44,000,000  
tons. In 1911 the shipments were  
only one-half that amount. If the  
present rate of shipments is main-  
tained until the lake season closes,  
the highest record will be surpassed  
by over 2,000,000 tons.

WARNING AGAINST NOSTRUMS.

Special Emphasis Laid on Warn-  
ing Against Fraudulent Remedies  
in Tuberculosis Day Observance.(By A. P. Night Wire to The Times.)  
NEW YORK, Oct. 27.—Sixty thou-  
sand churches in the United States  
observed today as tuberculosis day.Organizations which are fighting the  
tuberculosis plague selected this par-  
ticular day as one on which special  
efforts should be made to arouse pub-  
lic interest in the prevention of the  
disease. Prominent clergymen in  
nearly every large city of the country  
brought to the attention of their con-  
gregation the question of prevention  
of consumption and suggested ways  
and means by which church-goers  
may co-operate in the national cam-  
paign against this scourge.In this year's observance of the  
day the emphasis was laid upon the  
growing evil of the use of fraudulent  
remedies for the cure of tuberculosis.

PROTESTS AGAINST INJUNCTIONS.

Carpenters and Joiners Organi-  
zations Miffed Because Enjoined in  
Fight Upon Free Labor.(By A. P. Night Wire to The Times.)  
NEW YORK, Oct. 26.—Several  
thousand members of the Building  
Trades' Council of New York City and  
Long Island paraded and held a mass  
meeting last night in protest against  
the issue of injunctions in labor dis-  
putes. Samuel Gompers, president  
of the American Federation of Labor,  
was the principal speaker.Most of the men were members of  
the Brotherhood of Carpenters and  
Joiners, which has been enjoined in  
its fight against the use of non-unions  
made doors and mashes in buildings  
upon which they work.

GIFT FROM MORGAN.

New York Finance Promises Trin-  
ity College Two Hundred Thousand  
Dollars for New Building.(By Federal Wireline Line to The Times.)  
HARTFORD (Conn.) Oct. 26.—[Spe-  
cial Dispatch.] J. Pierpont Morgan  
today said that he would give the college a  
\$200,000 library and administration  
building.Mr. Morgan, who is a trustee of  
the college, and has taken the keen-  
est interest in its welfare for years,  
came here by special train to attend  
the meeting of the board, at which it  
was voted to raise \$1,600,000 to  
increase the endowment fund.This is the third gift which Mr.  
Morgan has made to Trinity, his total  
benefactions now reaching \$2,-  
700,000.

THE "MOVIES" HELP.

THEY AID TEMPERANCE.

(By A. P. Night Wire to The Times.)  
WASHINGTON, Oct. 27.—The  
cause of temperance has found a new  
ally in the moving picture show, men-  
tioned in the District of Colum-  
bia's eagle board are inclined to be-  
lieve after receiving reports from its  
saloon inspectors to the effect that  
proprietors of drinking establish-  
ments are contending a falling off in  
business. It is said a number of  
proprietors place the blame on the  
moving picture theaters, saying the  
head of the poorer families instead  
of dropping into the corner saloon  
after dinner take their wife and chil-  
dren to a cent theater.

SOCIALLY LAMENTABLE.

Yale Daily News Seeks to Discour-  
age Philanthropy from Endow-  
ing School of Journalism.(By Federal Wireline Line to The Times.)  
NEW HAVEN, Oct. 26.—[Special  
Dispatch.] In an editorial today the  
Yale Daily News expresses the hope  
that no school of journalism will be  
inflicted on the university. The News  
terms such a school "socially lament-  
able," and avowing of the business  
college. It says:"There is such a school at Colum-  
bia and there are others, elsewhere.  
If private munificence should seek to  
plant one here we would discourage it.  
A new department would merely  
increase the size of the university  
without increasing its strength."

DECLINE CHINESE LOAN.

Crisp Syndicate Refuses to Ad-  
vance Another Twenty-five Millions  
Because of War in Balkans.(By Cable and A. P. to The Times.)  
CHICAGO, Oct. 27.—A Chicago  
Daily News cable from Peking, China,  
says:"The government cable to the  
Chinese Minister at London instructions  
to ask the Crisp syndicate to issue an-  
other loan of \$25,000,000. This syn-  
dicate refused, on account of the un-  
certainty in the London money mar-  
ket caused by the Balkan war."Many sufferers from chronic di-  
arrhea have obtained prompt relief  
by the use of Chamberlain's Colic,  
Cholera and Diarrhoea Remedy.—

POLICE SUPPRESS CUBAN RIOT.

One Man Killed and Several  
Wounded in Outbreak at Havana  
Caused by Election Rivalry.(By Cable and A. P. to The Times.)  
HAVANA, Oct. 27.—A riot broke  
out late last night at a conservative  
meeting in a densely-populated dis-  
trict of the city. The combatants  
used knives and pistols. One man was  
killed and several were wounded.The fight apparently was started by  
Zayasistas. The police finally restored  
order, after which cavalry patrolled  
the disturbed section.President Gomez appointed Gen.  
Pablo Mendila, commander of the  
infantry of the regular army, to su-  
preme command of the national po-  
lice. He succeeds Col. Pulido.The change is expected to be productive  
of increased bitterness.

EXPOSITION CURTAILMENT.

COMEDY OF VERA CRUZ.

MADRID'S SENSE OF HUMOR.

[New York Sun, Oct. 26.] To  
court-martial and shoot Felix Diaz for  
his part in the Vera Cruz comedy  
would be unworthy of President Ma-  
dero, who is supposed to have a  
sense of humor and is known to be  
humane. Further, the capture of  
the recapture of the seaport discloses  
no heroic resistance by the nephew of

HAVANA, Oct. 27.—A riot broke  
out late last night at a conservative  
meeting in a densely-populated dis-  
trict of the city. The combatants  
used knives and pistols. One man was  
killed and several were wounded.The fight apparently was started by  
Zayasistas. The police finally restored  
order, after which cavalry patrolled  
the disturbed section.President Gomez appointed Gen.  
Pablo Mendila, commander of the  
infantry of the regular army, to su-  
preme command of the national po-  
lice. He succeeds Col. Pulido.The change is expected to be productive  
of increased bitterness.

# MAGNATE GETS TRACTION LINE.

## Easterline in Practical Control at Indianapolis.

### Extends His Holdings by System of Leases.

#### Secures All Suburban Lines With Single Exception.

(BY A. P. NIGHT WIRE TO THE TIMES.)

INDIANAPOLIS, Oct. 27.—Randall Morgan, the Philadelphia traction magnate, yesterday effected a lease on the Indianapolis, Newcastle & Eastern Traction line from the holding company, composed of Joseph T. Elliott & Sons, bringing to a culmination a projected deal which gives him control of every traction line operated out of Indianapolis with the exception of the Indianapolis, Columbus & Southern.

The negotiations preliminary to this lease have been under way for several weeks and were consummated when Arthur W. Brady of Anderson, executive head of the Union Traction Company of Indiana, and Mr. Morgan's Indianapolis representative, signed and filed the lease.

### KEIN COUNTY AGREEABLE.

Will Vote for Bond Issue to Build Highway System and Petitions Calling for Executive Act. (BY DIRECT WIRE TO THE TIMES.)

RAKERSFIELD, Oct. 27.—(Exclusive Dispatch.) Representatives from nearly every part of the county unanimously approved the plan of bonding \$100,000 to build a highway system of permanent county roads, at a meeting today, and petitions asking the Board of Supervisors to call a bond election were put in circulation.

It is planned to have the necessary number of signatures by next Thursday, when the Supervisors will be in session. The latter are all said to be favorable to the project and will lose no time in getting the election proceedings underway. It was decided today to hurry the matter along and not wait for the final decision as to the route of the State highway.

The system as planned calls for about 469 miles of roads and will cover Buttefield with every town of any size and nearly every farming community in the county. The Supervisors will appoint a Highway Commission which will engage expert road builders.

In the event the State highway goes by Telon Canyon the county will build a road via Tehachapi. If the road goes by Tehachapi, the county will build to Telon Canyon.

## [Special Correspondence of the Times.]

## PHOENIX (Ariz.) Oct. 25.—

Secretary Walter L. Fisher of the Interior Department spent yesterday in Phoenix. He visited the Granite Reef diversion dam, saw much of the Salt River Valley from an automobile, had luncheon with a number of local people interested in irrigation, attended an afternoon meeting at the Water Users' Temple, there listening to statements concerning local irrigation features and then took train for the Grand Canyon. Whether anything at all was accomplished through the day in the way of change of the existing local conditions cannot be learned, but it is apparent that nothing will be done adverse to the new policy of measuring out water to the farmers. Secretary Fisher expressed his opinion clearly upon this point, stating: "In my travels over a number of projects I have been impressed by the amount of land that has been ruined by over-irrigating. It is not always the case, as some of the water users here assembled, that the water is raised in some cases to the level of the surrounding land, which gives rise to a deplorable condition from which there is no recourse." He suggested that if there should be doubt concerning the accuracy of the measurement the farmers could readily check the Reclamation Service.

## From the standpoint of complaints the tangible benefit gained by the interview is the assurance that the project will be carried out in accordance with the plan of the Reclamation Service to which body financial reports will be submitted by the water users.

## HARNESS ENTRIES.

## The harness races for next week's fair have 249 entries, with a few more more horses ready for running races for which \$3000 prizes have been hung up. Every stall at the fair grounds has an occupant, and the prospect of a successful season is greater than ever before known.

## PHOENIX NOT THE GOAT.

## There is doubt whether Phoenix will accept the next meeting of the Irrigation Congress voted the city at the last congress, held in Salt Lake City, where \$7500 was guaranteed by local representatives. This amount the Phoenix Board of Trade is willing to expend, but it is hardly prepared to gather a larger amount, possibly in the neighborhood of \$25,000, which would be needed by the officers of the congress, and there is no disposition to cover about \$2000 shortage.

## There has been some apprehension also over a possible extension of the project to cover a larger acreage than that safely be irrigated by the proposed main canal. The Secretary gave assurance that the original plan of restricting the project under the gravity system to 140,000 acres will be adhered to. Beyond this will be the acreage irrigated by means of pumped water, power.

HOUSEMAID OR  
A PLUTOCRAT?DEAN DISPUTES CONTENTION  
OF A BISHOP.All Alike in Sight of God, He Says,  
and There Are No Dictators Behind Pulpit—A Mission to Every Class—Says Parishioners Leave Church.

## The statement attributed to Bishop Spalding of Utah during his recent visit to Los Angeles that "The clergy cater to the plutocrats" had a denial last night from Dean McCormack, at St. Paul's Pro-Cathedral. The supplementary assertion of the Utah clergyman, that "The clergy are in the same class with housemaids," was gloried in as fact, rather than held up for refutation.

## The whole spirit of the Dean's address was a democratic counter directed at the first charge. He drew lavishly upon his own experience in the pulpit, both in Los Angeles and in Brooklyn, where for five years he worked in the slums. Vouching specifically for the clergyman of his own denomination, he went rapidly ahead, and his defense ultimately embraced practically all workers in the Christian churches.

## "Hark at my text," he said, "Bless ye one another's burdens and so fulfill the law of Christ." That would be impossible, with a clergy subservient to the money-power. Very few clergymen administer to the plutocrat. The great mass do not administer to any class, but acknowledge a mission to every class.

## "Here, in this church, we have the rich rubbing elbows with the poor. They are on an equal footing; for we are reaching out to those who can't pay here in Los Angeles as well as to those who can. To say that there is a power subservient to the plutocrat is a power somewhere else to dictate to us. In all the years of my ministry here no one has attempted to dictate to me. I have said what I pleased; and I have seen parishioners get up and leave the church. But dictation—never!"

## When Bishop Spalding placed clergymen in the same class with housemaids I do not think any of his hearers were offended. If the housemaids do not feel offended at having

## SECOND BASE A DELICATESSEN?

Hill Street May Run Spang Through Ball Park.

Heavy Interests Back Black Cloud to Fandom.

Property Owners Planning to Steal Home.

Kane slammed a two-bagger into West Twentieth street but, while attempting to stretch it into a triple, was forced to round a street car and was dashed through out at Hill street. Castillon followed with a home run over the grocery which stands at second base and while stealing ginger-snaps that part of the street occupied by the menagerie fell into the "dippy dip" and the police reserves were called out to quell the rioting which followed. It was later discovered that a street sweeper had stolen third, and the game was declared forfeited to the Streets and Boulevards Committee.

That's what the baseball public may be reading in the pink sheets next spring and all because of an innocent-looking petition which nestles in a convenient pigeon hole in the desk of the City Clerk, ready to be brought out for an airing at tomorrow's session of the Council.

Under the terms of the petition it is proposed to open Hill street from Washington to Jefferson streets, a distance of fourteen blocks, and running into and through the backlot and ashies, the pastime lot of the Angels and the Tigers, and slipping Luna Park in the very menagerie.

**JOKER NOT AT ALL.**

Of course the coffee is often spilled "twixt the author and the Adam's apple," but the imposing character of the interests behind the petition makes the proposition look like no joke at all. All the petitioners are large owners of real estate which would properly come within a district to be assessed for the proposed opening of the street. Every one of them who was approached on the subject yesterday declared that he favored the project and believes that it would be a fine thing for the retail business section of the city to have another main thoroughfare opening up the southern part of the city, and bringing it within direct communication with the big stores.

It was said by James Calderwood that in his opinion the required frontage could be secured, and the improvement put through. The Huntington Interests, which control large frontages between Eleventh and Twelfth streets, says C. M. Gordon, one of the signers, have agreed not to protest the petition although they did not care to sign it. It has also been intimated that Mrs. Nora McCarty, the owner of the Luna Park property, would make no contest, and if this proves to be the fact, Hen Berry may well scratch his pate in an effort to solve the riddle of the future.

For some reason the calamity of the national sport in its present local headquarters, nor yet the disturbing of Luna's caravanserai display makes small appeal to the men who would place Hill street more firmly in the city map, but there are leasars and other incidentals which must be considered.

Frontage amounting to 2555 feet has been signed up and the petition will be before the Council tomorrow. It will take the regular course and, the city engineer reports the plan feasible and the petition is sufficient, protests may be invited.

**ANTICIPATE HOWLS.**

And there will be a few protests, especially from the large contingent interested in maintaining Washington Park inviolate for the purpose to which it is now devoted, the winning of the near-winning of baseball pennants.

At present Hill street comes to an abrupt stop against the fence surrounding Washington Park and does not again resume business until south of Jefferson street. The cost of opening the street to its full width of ninety-two feet and the condemnation of sufficient property to make this possible involves the raising and spending of a large sum.

James Calderwood, C. M. Gordon and F. Winstanley are actively interested in the success of the petition and will see that it is properly presented to the Council. The other signers are:

Hamburger Realty and Trust Company, Otto Sweet and Meyer Fuchs, Black Brothers, Bursbach Investment Company, Black Fireproof Building Company, Wright and Calderwood Building Company, Gilbert S. Wright, Central Pacific Improvement Company, C. Raphael Company, Mrs. E. G. Hayward, E. S. Rowley, E. F. Clark, Horace Book, J. I. Hollings, Meyer Lissner, Title Insurance and Trust Company, H. W. Helman Estate, Ida C. Callaway, Broadway Realty Company, S. Sewell Company, Niles Peace Investment Company, Pacific Telephone and Telegraph Company, O. A. Vickrey, John E. Althouse, David Althouse, Los Angeles Investment Company and R. Fred Vogel.

**LONG BLOCK AROUND.**

Prospective Purchaser of Auto Takes It for "Trial Spin" and Doesn't Show Up Again.

C. D. McIntosh, retired, No. 1227 Wright street, accompanied by his daughter, asked for the help of Central Station detectives yesterday in locating his automobile. The last he saw of it, he said, James H. Williams, who gave him address as No. 3415 South Spring street, disappeared around a corner for a "trial spin." That was Saturday afternoon.

"Williams paid me \$10 deposit on the car," McIntosh did the detectives, "but said that before he paid the remainder he wanted to run it around the block and satisfy himself that the machine was as I had represented."

McIntosh was informed that inasmuch as Williams had paid a deposit and had taken the machine with the consent of the owner, there was nothing the police could do. "You only redeem," explained Detective Davis, "a suit for recovery, if you want the car back, or an action covering its value."

"I guess the loss of the car isn't going to break us," replied Miss McIntosh, as she and her father departed.

Fritz Guenther,

Founder of the Murrieta Hot Springs resort and for over thirty years a resident of Los Angeles, who died here yesterday.

Useful Life Ended.

## DEATH SUMMONS HEALTH APOSTLE.

FOUNDER OF MURRIETA HOT SPRINGS NO MORE.

Exponent of Riverside County's Medical Waters Succumbs After Brief Sickness at Local Hospital. Built Up Resort After Years of Endeavor and Discouragement.

Fritz Guenther, a resident of Los Angeles for more than a third of a century and developer of Murrieta Hot Springs, died early yesterday morning at the German Hospital after an illness of a month, from Bright's disease. In two months he was to have celebrated his sixty-fourth birthday.

For the past five months his health, usually vigorous, had been failing, but he refused to believe that the end was near. His family persuaded him with difficulty to leave the Springs, which had been given his closest supervision, for hospital treatment in this city.

Guenther was born December 25, 1848, in Magdeburg, Germany, and emigrated to America in his early twenties. He worked as a cabinet-maker for a time in New York and Boston, came to Chicago, left after the great fire and tried his hand at mining in Virginia City. Later he went to Sacramento, where he lived for three years.

He came to Los Angeles in 1875, where he has always retained a home, though his interests for the past ten years have been at Murrieta. In 1902 he purchased the springs, giving up his business in this city to devote his whole time to the project, and built it up bit by bit. He had earlier suffered from illness that sent him to other springs, and the memory of the German bade him on to success.

Guenther leaves a widow, Mrs. Louise Guenther, who lives at the family residence, No. 320 Bonnie Brae street; two sons, Rudolph and Hugo, who conduct the business at Murrieta; two granddaughters, Evelyn and Frederick Guenther, and a daughter, Mrs. Charles Bergay, all of this city. Two sisters reside in Germany.

Guenther was a member of the Chambers of Commerce of Los Angeles and Riverside, the American Legion of Honor, the Turnverein Germania and various other German organizations. His musical tastes led him to assist in the organization years ago of the Los Angeles Zither Club.

The funeral will be held Wednesday at 3 o'clock from the Cunningham & O'Connor chapel. Cremation will follow at Rosehill.

## PURSUIT IN PAMAJAS.

Solicitor Catches Mexicans Going Through His Clothes and Makes Things Lively for Them.

B. J. Blake, a solicitor for the Cason Map Company, was aroused from a sound slumber in his room at the Benton Apartments at 4 o'clock yesterday morning by the clink of coins. The clink had the familiar sound of certain hard-earned dollars of his own and he leaped from bed, almost falling over two Mexicans burly engaged in rifling the pockets of his trousers.

Blake yelled ferociously and the Mexicans fled, leaving their hats in their haste. Two jumps back of their undress to take part in the man-hunt. However, the Mexicans had shoes and none of the pursuers did, so they got away. With them went Blake's small change and a valuable collection of business papers contained in a black morocco-leather case marked with Blake's name and address and the firm name.

Blake describes the marauders as being apparently about 22 years of age, medium built and of the pool-room type of Mexicans. Their costumes he did not see. One of the hats left behind is a black slouch and the other a cloth cap. Blake says he does not begrudge them the money but is very anxious to recover the situation of home missives throughout the land. All pastors are invited to unite with this union organization.

**MINISTERS TO MEET.**

The ministers of Los Angeles will hold their opening meeting of the season this morning in the Y.M.C.A. building at 10:30 o'clock. Bishop Bell and others will discuss the situation of home missives throughout the land. All pastors are invited to unite with this union organization.

## VETERANS FAVOR NAVAL RESERVE.

GOVERNMENT PLAN OF SPECIAL INTEREST HERE.

Retired Officers May Be Made Useful as Organizers in Times of Peace—Naval as Well as Military Drill Suggested for Colleges in Seaport Cities.

The proposed formation of a national naval reserve, projected by authorities at Washington and to be approved at an early session of Congress, meets with the approval of Los Angeles men who formerly served in the navy. It is being agitated by Capt. C. C. Marsh of the naval reserve department, under whom Judge Curtis D. Wilbur and J. C. Drake, president of the Los Angeles Trust and Savings Bank, both served in their salad days just out of Annapolis.

The status of this city as a seaport and the excellent work done here by the State naval reserve are cited by these men as a reason why Southern California should strongly favor the project. It is possible that the universities of the State is advanced as an additional argument for its adoption.

The plan, as outlined in a communication received yesterday from Capt. Marsh, is that all men holding honorable discharges from the navy shall give their services to the nation by becoming organizers in time of peace. There would thus spring up all over the country small bodies of trained men who could be relied upon in emergency to man the merchantmen that might be pressed into service as auxiliary cruisers or supplement the quota of the ships in the regular navy.

A second object is to accustom the social and sentimental side of naval service by bringing the men together at stated intervals, as college graduates come back for reunions, and to cheer athletic teams. It is asserted that there are thousands of skilled men in the country who have fallen wholly out of touch with the navy.

"I favor the plan highly," said Judge Wilbur yesterday. "There ought to be a reserve larger than our regular navy, under Uncle Sam's direct supervision, and no need for any clash between a State and national reserve. Our State reservists here have made enviable records in regular practice, and the general public would be glad to absorb them, if that is deemed best. I remember that Admiral Togo, fighting Bob Evans' chief of staff, was standing in the fleet went around the world, was heartily in favor of such a move when he visited here."

Drake believes that the reserve should reach an enrollment of at least 30,000 men. "Young officers should be detailed to drill these reserves," he said. "The veterans shouldn't be allowed to sink into a don't-care attitude; but the world is going ahead, and the latest graduates from the naval academy ought to be used. It might be wise to have naval training in colleges at seaport towns, as well as military drill. That would be done very well at Berkeley, for instance. I should favor annual cruises, also."

Brig-Gen. Robert Wankowski of the California National Guard sees the analogy between the naval and military situation. "The old men should not lose interest," he said. "Modern war is a twisting and turning over in a trice. We can't prepare leisurely any more. I should favor the same plan of enlistment in the navy that is in the army, and that every man enlist for seven years, three to be spent with the colors and four on the reserves."

"It is a fact shown by our records that more men die in camp after a sudden declaration of war than on the field. They are untrained and not interested in fighting. I insist that this must be true, partly at least, on the sea. A good deal of naval service may be done ashore such as positioning central American states, setting the like. The move toward a naval reserve is a good one."

## WOMEN WILSONITES MEET.

Assembly at Hollenbeck Hotel This Afternoon—Eastern Main Says Roosevelt Is Discredited.

The Woman's Wilson Republican League is to hold a meeting at the Hollenbeck Hotel at 2 o'clock this afternoon.

Among the more prominent women who will figure conspicuously in the meeting are, Mrs. Clara Scott Bond Pope, Mrs. Hattie M. Gravath, Mrs. Emma Case Bishop, and Mrs. Lottie M. Cartright.

One of the feature subjects to be discussed is Dr. Harvey Wiley's endorsement of Gov. Wilson's candidacy for the presidency. The speaker, "other side" of Roosevelt—the side the public is little acquainted with, but which has done great injury for Clara Barton, the Red Cross heroine, and other national feminine figures.

At the Hollenbeck Hotel headquarters yesterday several were declared they had received letters from male relatives traveling in the East, in which it is stated the "California state" has greatly discredited the Bull Moose party.

William E. Smythe, San Diego, State president of the Wilson Republican movement, is to speak at Symphony Hall, Blanchard building, No. 232 South Hill street, Wednesday evening.

## BRAKES FAIL TO SAVE.

Little Boy Is Dragged Under Big Auto Truck and Receives Injuries Which Remain in Doubt.

Donald Woodward, 4 years old, No. 124 Central avenue, was seriously injured by an auto truck about 2 o'clock yesterday afternoon that he died three hours later at the Crocker-street Hospital.

He was playing in the street near the corner of Fifth and Federal streets with other children, when he is said to have run in front of a large truck belonging to the Simons Brick Company, and driven by R. H. Castevens, No. 2227 East Fourth street. The chauffeur applied the emergency brakes, and turned the truck to one side, but the boy was under the wheels, and was dragged until the machine was brought to a standstill.

## Giuseppe di Tullio.

An aged Italian held at the Central Police Station awaiting further identification and rescue by friends.

## WHO KNOWS THIS MAN?

Police Caring for Obsolete Man Who Appears to Have Lost Both His Identity and His Memory.

Do you know this man? For two days he has sat in the cell where he lives. He is being cared for by the police at the Central Station. For two days the authorities have expected his friends or relatives to sport him away. The man says his name is Giuseppe di Tullio. As near as he can compute it, he is about 55 years old. He can not speak a word of English, and it is hard to make him understand the most simple sentences in his native tongue—Italian.

Di Tullio told the jail officials that he lived somewhere in the city with his son, Tugadio di Tullio, who is a tailor. Patrolman Billy found him at Alpine and North Broadway late Friday night. The old man was standing in a saloon in a dazed condition, and refused to answer questions put to him by fellow countrymen.

For two days he has sat in the corridor of the jail without uttering a word. He seldom makes an effort to reply to questions.

## CARRIED TO THE LAST TRIBUNAL.

LAND CASES TO UNITED STATES SUPREME COURT.

Appellate Judges Certify to Those of Final Resort, that of Burke Against Southern Pacific to Recover Grant Territory—Twenty-four Millions Involved.

One phase, at least, of the long and bitterly-fought Southern Pacific land cases will reach its final issue before the highest tribunal of the nation. The Circuit Court of Appeals has certified to the United States Supreme Court the case of Edmund Burke of this city vs. the Southern Pacific. This portion of the contention involves lands claimed to be exempted from the government railroad grant by mineral characteristics to the approximate value of \$24,000,000. An order was made advancing the hearing on Wednesday in this court.

Burke was defeated in the initial contest before Judge Ross and appealed to the Circuit Court. The judges were divided in their opinion on the case and certified several questions in law to the United States Supreme Court. The questions are believed to cover fully the complex legal phases of all the land cases of similar nature and the Supreme Court's decision will be of enormous importance for that reason.

## IS IT TEE FOR TAT?

POMONA, Oct. 27.—Ferry Howell, the young man who was convicted last week of violating the local liquor ordinance, has sworn to a warrant for the arrest of Harry Mooney, driver of the American Express Company's local delivery wagon, charged with violating the ordinance by carrying liquor in the United States Supreme Court. The questions are believed to cover fully the complex legal phases of all the land cases of similar nature and the Supreme Court's decision will be of enormous importance for that reason.

## The Neal Treatment for Drink Habit.

The Los Angeles Neal Institute Has Redeemed Hundreds of Drink Habit Victims.

Experience has demonstrated that the Neal Treatment may be absolutely relied upon to remove all drug craving, and physical necessity for alcoholic liquors, and in addition thereto, it restores the drinker to a condition of mental and physical health which they have not enjoyed since the habit fastened itself upon them. It does its work quickly, thoroughly and easily. There is no suffering, no hypodermic injections—just the administration of a vegetable medicine taken internally and in three days all nervousness is gone. Pies Without Crust.Objects to Being Sparring  
Partner of Brother.

PASADENA, Oct. 28.—Under the leadership of Rev. Daniel F. Fox, pastor of the First Congregational Church, a campaign is to be waged in an effort to secure a day of leisure each week for the members of the city police force. Unlike the policemen of Los Angeles and some other cities, those of Pasadena are compelled to take their regular watches every day of the year, except during their annual vacation, and at times of celebrations to do extra duty as well.

Rev. Mr. Fox recently discussed the subject from his pulpit and yesterday he declared that it is his intention this week to see personally all of the City Commissioners and urge them to enlarge the force so that a day of rest for the policemen will now and then be possible.

"I have already seen Mayor Thum, City Attorney Carr and others," said the minister last night, "and I shall see the other city officials, too."

"It is maintained that the members of the police force are entitled to a day each week under the terms of the recently-enacted State law governing the matter, and the answer we get to this is that the law does not obtain in this case as the policemen are not laborers. I would like to know what their work is if not labor."

"The policemen in Los Angeles are allowed two days each month to themselves, and the answer to this argument is that the appropriations are not sufficient to admit of increasing the force so that such a course may be followed here. What is the emergency fund for? It is all mine, this talk of Pasadena's not being able to afford to add a few men to the police force."

Rev. Charles H. Scott, pastor of the Lincoln-avenue Methodist Episcopal Church, also advocated such a course from his pulpit last night.

NO MORE PIE CRUST.  
Arrangements are being made for the first lesson in a course of food chemistry that the members of the Shakespeare Club are to take up this winter. This initial demonstration will take place at the clubhouse a week from tomorrow night. If the objects of the course are accomplished there are some of the things it will mean, according to Dr. Margaret Götter, who is to deliver the lectures and conduct the experiments, and Mrs. Calvin Hartwell, president of the club:

"That henceforward all pies will be made without crust, a substitute will be used, and they will be baked but three minutes."

"That cake will not be cooked at all."

"That milk and sugar will be dispensed with altogether, and eggs and meat used very sparingly."

In short, cooking is to be revolutionized, and Dr. Götter declares that a third of the time women now spend in their kitchens will be saved for educational work, and that the remaining two-thirds of the time will be made so enjoyable that the preparation of meals will be a delight.

Dr. Götter also declares that when she goes to the Shakespeare Club for the first demonstration she will present the members with tastes of food thus prepared, and if they do not like it they will not be expected to enter the class.

"We hope," she said, "that this will awaken the women of Pasadena to the manner in which food should be eaten, and that so much interest will be created that we shall be able to have food chemistry made a compulsory course in the Pasadena public school curriculum."

"And no one need think that eating then will not continue to be a delight. There will be just as many banquets as ever."

The members of the Shakespeare Club have also made plans for a Halloween celebration tomorrow night. The clubhouse will be appropriately decorated by the members and there will be games and refreshments. Many of the features of the evening are being kept as surprises.

HUMAN PUNCHING BAG.  
"It's hell to be the small brother of a coming firefighter."

This was the laconic explanation given to Chief of Police Wood last night by Paul Lema, an 11-year-old Mexican boy from Yuma, Ariz., as his reason for being in jail. He and Harold Clark, aged 14, were picked up for runaways yesterday afternoon by Detective Betts, and locked up in the City Jail for safe keeping.

"You see," continued Lema when asked to elucidate, "I have a brother 15 years old. He is practicing to be a firefighter and he uses me as his sparring partner. I tell you, it's fierce. Take a look at my arms. Take a look at me all over. I'm half blue. That's why I'm here."

As for the Clark boy, he ran away from the George Junior Republic at Chino several weeks ago and returned with young Lema, who says he is three-quarters Spanish and one-quarter Mexican. The boys say they were on their way to Chino, but that the directions were confusing. The Clark boy gave his name to the police as "Hobo McDougherty."

The Clark boy will be taken back to Chino. What will be done with the other will be decided today.

FIRST DANCE.  
The first dance of the season at the Regal Maryland will be given election night. D. M. Linard, proprietor of the hotel, has arranged to have a private telegraph wire run into the dining-room, and the election returns will be announced there, where there will also be moving pictures pertaining to the campaign. The dancing is to follow a dinner, which will be attended by many guests, and the advance guard of tourists, who have begun to arrive. The event will

mark the opening of the winter gayeties.

HUNDRED CASH GIRLS.

The society women who are preparing to conduct the Christmas shop, November 29 to 31 inclusive, will meet tomorrow to appoint 100 cash girls from the younger set. Over 100 saleswomen have already been named. Both the saleswomen and the cash girls will work in relays.

"The goods are coming in quickly, but we would like to have all donations by November 1," said Mrs. Walter A. Edwards last night.

DISSENTION IN CHARGE.

Henry G. Bragg, a Pacific Electric motorman in Pasadena, was arrested by Patrolman Shelton and Detective Betts last Saturday night on a charge of wife abandonment, and failure to provide for a minor child. He was locked up in the City Jail, where he is still held in default of \$1000 bail. The complaint was sworn to before Police Judge McMichael by his wife, who recently came from Boston.

OLD RESIDENT DIES.

Mrs. Jeannette Boston, wife of G. M. Boston, of No. 1120 Kirkwood avenue, died last Saturday afternoon at the age of 87 years. She was a widow, and leaves a son, J. Boston, and a daughter, Miss Flora C. Boston, both of this city. Funeral services will be held at the home of Turner & Stevens at 2 o'clock this afternoon. Interment will be made in Mountain View Cemetery.

DIES SUDDENLY.

After having attended the funeral of former Mayor Thomas Earley last Saturday afternoon, James F. Parker of No. 572 East Colorado street, died suddenly of apoplexy at his home last Saturday night. He was 67 years of age. Besides a widow he leaves two sons, one, Harold Parker, a well-known local photographer, and the other a resident of Chicago. Funeral arrangements will be announced later.

THROTTLE AGED WOMAN.

Two Robbers Force Entrance to Home but Woman's Cries Frighten Them Away.

REDDING BEACH, Oct. 27.—Mrs. F. C. Putnam of Placerville, 40 years old, living for a few weeks in the residence of Mrs. Elizabeth McBrook of Hermosa avenue and Third street, was attacked last night at her home by two men who demanded that she give them her money.

Hearing a noise at the rear about 11 o'clock, Mrs. Putnam took a lamp and went to the window, where she saw two men entering through the screen which they had cut. One blew out the light and broke the lamp chimney. The two then dragged her to the bedroom, where they threw her on the bed and attempted to chloroform her, first demanding where she had her money and telling her not to scream.

In spite of their threats, Mrs. Putnam screamed for help and fought them until she aroused Mrs. McBrook, who also came to the rescue. The two men fled, and Mrs. Putnam was taken to the hospital, where she is recovering from her injuries.

As a neighbor had cashed a money order for \$100 during the day and then gone into the home of Mrs. Putnam, it is thought the men were seeking money, rather than Mrs. Putnam. Neither of the men was masked.

In their haste they left a small bottle of flashlight and a small bottle of chloroform and a linen handkerchief with the letter L in one corner.

PASTORS RALLY  
FOR THE FIGHT.Liquor Ordinance on Trial  
for Life Tomorrow.Wife of Wealthy Canadian  
Dies in Bathroom.Lifeguard Saves Drowning  
Man from Surf.

LONG BEACH, Oct. 27.—Long Beach on Tuesday will vote upon a liquor ordinance submitted by the Federated Church Brotherhood and which in many respects is far more drastic than the famous Ordinance of '32 which for many years was regarded as the star prohibition ordinance in the State, its constitutionality being upheld several times by the higher courts.

In an effort to better it, the prohibitionists over-reached themselves, and the result was another ordinance by initiative which was to their no little disadvantage, and several failures of cases against alleged violators of the ordinance led to this final effort to restore to the statute books a measure which practically makes it an offense to even have a beer label.

The new ordinance provides for the entry and search of any place suspected of having liquor, the confiscation and destruction of liquor found, the arrest of transportation agents bringing liquor into the city limits or delivering it, and imposing additional restrictions upon druggists and physicians, prescriptions having to state the name of the person purchasing, and the name of the party who will use it. Prescriptions can be filled once and are void after twenty-four hours.

In presenting the proposed ordinance the prohibitionists made one error and the ordinance reads that prescriptions must be presented and "filled" before the payment is made for the same, when the intent was to have the prescription "filled." This has given the prohibitors some uneasy moments but they have been assured by some attorneys that the court would be guided by the spirit and not the letter of the law, and the careless interpolation of a letter will not impair the meaning of the ordinance.

The advocates of the measure are making an active campaign and endeavoring to have the ordinance passed by the city council. The ordinance is being circulated in the city, and the advocates are making a strong effort to have it passed.

Complaints having reached the game warden from the Los Alamitos country, that hunters were poaching in the vicinity of the Farmers' club preserves, Deputy Game Warden Brown and his men were sent to investigate this morning and shortly after daylight caught Jack Larsen and E. R. Wilkerson north of the sugar factory, where they were released on \$2500 bond each.

A birthday party of a dozen Mexicans at Seaside Park this morning resulted in a row, and in the fight which followed knives were drawn and Pablo Garcia was stabbed in the left arm, while the other, while Maria Lopez, endeavoring to act as peacemaker, suffered the loss of the end of a finger. The police made a rush to the scene to prevent further trouble and arrested Emilio Werter for assault with a deadly weapon. Two best knives were found in his clothing, and under his coat he was found a corn knife with a two-foot blade.

PREPARED TO PURCHASE.  
TROPICO, Oct. 27.—L. C. Brand, owner of the Glendale Light and Power Company, has promised the people of this place that he will bid in the Tropico Water Company's plant at the public auction to be held at the Courthouse in Los Angeles, November 2, and that he will hold the plant until such time as this city cares to purchase it. Brand is the beneficiary of the deed of trust under which the plant is to be made, and the amount of his claim is set at \$27,000.

## Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free booklet for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

SAVES DROWNING MAN.  
Although out of season, Ernest Scott, life guard and now plunger guard, found his training came in handy this morning when he rescued from the surf after a desperate struggle M. E. Emery, who had gone in bathing and was overcome by the heavy tide. Other bathers saw Emery swept from his feet and carried by the current into the ocean. He was given and Scott came running from the bath-house and down the beach ahead of the struggling drowning man. He plunged into the water and reached Emery just as the current swept both under the pier.

Scott seized Emery with one hand and with the other caught a broken piling, and though battered against the piling by the tide, held on until he recovered his breath, and then worked ashore with Emery, who was exhausted, but soon recovered.

Scott is badly cut about the legs from contact with the barnacle-covered piling, but otherwise is unhurt. Emery gave his address as No. 131 West Third street.

REACH BRIEFS.  
So as to guard the city's rights in the matter, the water department has instructed Secretary Lisenby to obtain from Hugh Ketcherside, formerly secretary of the Long Beach Water Company, the papers held by that company giving them the right to lay and maintain a permanent pipe line across the harbor entrance south of the drawbridge and also the right to a temporary line across the channel north of the bridge. There has been no hint of any trouble in this direction, but the department thought it best to take all due precautions.

Vice-President F. C. Yeomans of the Long Beach Savings and Trust Company, being an authority on geology, mathematics, astronomy and horticulture, is also a statistician, and at present his mind is bent on watching the building growth of the city. He has just received building figures from all the cities of the State, and has found that during the months of 1912 Long Beach averaged more per capita in building operations than any other city. The average per capita was \$111 per capita; in Pasadena it was but \$68. The average per capita in Long Beach is \$1600.

## RALPH HAMLIN IN FRANKLIN LEADS RACE. OAKLAND WINS COAST LEAGUE 1912 PENNANT.

The Great Desert Classic.

### RALPH HAMLIN WINS THE FIRST LAP PHOENIX RACE.

Charles Soules, a Red-Hot Second at Yuma in the Cadillac.

The Franklin Man Tells a Thrilling Story of His Race Across the Desert in a Fierce Sandstorm—Pluck that Does Honor to the Automobile Game—How the Other Cars Came Gamely in; Some Were Wrecked.

BY BEIT C. SMITH.

YUMA (APR.) Oct. 27.—[Exclusive Dispatch.] This shows order of the arrival of cars at the night control in Yuma with starting and finishing time and also elapsed time.

Franklin with Ralph Hamlin driver first, left Los Angeles 11:45 o'clock p.m. Saturday, arrived Yuma 10:23:24 a.m. Sunday, elapsed time Los Angeles to Yuma, 10h. 46m. 26s.

Cadillac, Charles Soules, driver, second, left Los Angeles 11:15 o'clock p.m. Saturday, arrived Yuma 10:15:11 a.m. Sunday, elapsed running time 11h. 17s.

Simplex, Press car, left Los Angeles 11:55 o'clock Saturday night, arrived Yuma 10:57:50 a.m. Sunday, elapsed running time 11h. 32m. 50s.

National, driver Fred Fuller, left Los Angeles 11:50 p.m. Saturday, arrived Yuma 11:25:58 a.m. Sunday, elapsed running time 11h. 45m.

Cadillac, Bill Bramlette, driver, left Los Angeles 11:55 o'clock p.m. Saturday, arrived Yuma 11:44:17 a.m. Sunday, elapsed running time 12h. 9m. 17s.

Cadillac left Los Angeles 11:55, arrived Yuma 12:53, elapsed time 12h. 48m.

Purse at Ontario \$200 will probably go to Al Faulkner on the Simplex Press car.

Purse of \$500 at Colton to be divided as follows: 65 per cent. to first place car, 25 per cent. to second and 10 per cent. to third.

Purse of \$400 at Coachella also to be divided among first three cars finishing there at same ratio.

Purse of \$500 at Yuma, Ralph Hamlin gets 65 per cent., Charles Soules 25 per cent. and Al Faulkner 10 per cent.

YUMA (APR.) Oct. 27.—[Exclusive Dispatch.] Ralph Hamlin, in the Franklin, won the first lap of the Los Angeles-to-Phoenix road race when he reached Yuma this morning ahead of all other cars in 10h. 32m. His sensational dash across the California end of the Ocean-to-Ocean Highway at an average speed of twenty-six and a half miles an hour places the nervous Franklin driver among the premier motor pilots of the West.

Thirteen minutes behind the Franklin, but still in the running with a stronger bid for first place, Charles Soules drove the Cadillac into second place, finishing in 11h. 17m. Every second of this fight across the sands was sensational, with the drivers exchanging places from time to time. The desperate battle came in the Mammoth Wash, where Hamlin and Soules took the lead.

Three cars—the Simplex press car, driven by Al Faulkner; the National, with Fred Fuller at the wheel, and the Cadillac, with Bill Bramlette at the helm—fought one of the most gruelling races ever witnessed on the desert sands, with the Simplex finishing only twenty-three minutes ahead of the Cadillac.

The purse of \$500 at Yuma is to be divided at a ratio of 65 per cent. to Ralph Hamlin, in the Franklin; 25 per cent. to Charles Soules, in the Cadillac, and 10 per cent. to the Simplex.

### A THRILLING FINISH.

The finish was the most exciting ever witnessed, as the race for third place was hard to decide until the Colorado River was reached.

At the Mammoth Wash, Fuller, in the National, was only two minutes behind the Simplex. He drove into a blinding storm at Brawley and this hindered him seriously, but he finished with the motor of his car hitting perfectly every second. He is in the running and will make a fight today for first honors.

With his eyes bloodshot, but with his six-cylinder motor in perfect shape, Ralph Hamlin rolled to the finish at Yuma, the hero of the great road race. Never before in the history of this contest has such a nerve-testing desert battle been fought across the plains.

### A DAREDEVIL RACE.

Staged in the night with a daredevil race through the city streets of a great city as the opening gun of the battle, the fight was carried across the Los Angeles county highways, where the cars hit a seventy-mile-an-hour clip, and, passing through the San Geronimo Pass, was continued on into the desert where it was nip and tuck every second.

The fierce sand cut the faces of the drivers. It was perhaps more noticeable in Ralph Hamlin than any of the others. The Franklin man had refused to relinquish the wheel from the second he left Los Angeles until he flew to the control at Colorado River. He came to the finish almost exhausted, but with his nerves tense and ready for a battle tomorrow that is almost certain to send him into first place.

It was in the Mammoth Wash that Hamlin showed his class. While teams were hauling several of the other cars from the deep sand Hamlin spurned the horses and, with a shout to help him, chugged through the deep sand, in two instances driving out and around other racing cars, and came to the Southern Pacific railroad at Mammoth in the lead with the last leg of the great race before him. When Hamlin reached Ogilby first he was second, the victor and the first lap is his, with every indication that he will finish a victor tomorrow.

Here is Hamlin's own story of the thrilling fight through the night:

### RALPH'S OWN STORY.

"When I left the starting line I determined to drive this race according to my own schedule," said Ralph. "While I would have been glad to have won the prize money at Ontario I wanted the Phoenix race most and I drove to the schedule which has sent me into first place at Yuma. I say this with due respect to the other men who made the greatest fight I have ever witnessed."

"One of the sad features of this race came when we rushed almost into the wreck of the Bulck near Ontario. I will never be able to tell how badly I felt to see Louis Nikrent, as game a lad as ever sat at the wheel of a car, perhaps fatally injured, with his car a pile of twisted steel. It was not until I reached Yuma that I learned he has a good chance to recover."

### PASSING THE WRECK.

"That wreck had a peculiar effect on me. I have a Chelsea clock on the Franklin racer. It stopped at exactly 12 o'clock. I don't believe in signs, but it seemed peculiar for a clock that had never failed me to stop at midnight. Then when we left the wrecked car with one of the plucky racing drivers injured I determined that this will be my last Phoenix road race. This determination became all the stronger when I reached here in first place. If I win tomorrow, never again for me."

"We reached Colton at 1 o'clock. I knew that because the checkers told me that. It was near Banning that I passed S. A. McKee in the Cadillac."

(Continued on Second Page.)

Louie Litschi,

Who celebrated his last time at the bat by knocking a home run, winning \$5 from the pitcher and much miscellaneous junk from fence advertisers.

### RAINS STOP PHOENIX RACE.

(BY DIRECT WIRE TO THE TIMES.)

PHOENIX (APR.) Oct. 27.—

[Exclusive Dispatch.] Mountain

streams of Central Arizona

are raging, cutting off all road

communication and stalling

many automobiles bound for

Phoenix. One large car had to

be abandoned in the middle of

Kirkland Creek. This news ap-

pears to absolutely assure the

stoppage of the Los Angeles

and San Diego races at the

Hassayampa River (tomorrow,

as the stream bed ordinarily is

dry and no ferrage is avail-

able. There is no bridge for

fifty miles.

In such case Brawley may be

compelled to establish an emer-

gency checking station on the

western bank of the stream till

the flood rolls by. The racing

crews could be housed and well

cared for at the village of Ar-

lington.

HOW THE CARS

PASSED EL CENTRO.

(BY DIRECT WIRE TO THE TIMES.)

EL CENTRO, Oct. 27.—[Exclusive

Dispatch.] "There they come; there

they go," was the watchword in Im-

perial Valley from 2:34 this morn-

ing, when the Stutz arrived at the

Oregon Hotel, El Centro, until late

this afternoon, when the delayed cars

had finally passed.

Several hundred people gathered at

the Hotel Oregon to witness the

checking in of the machines and the

Times furnished the bulletins. The

people of the valley had placed their

bets on Lyons Brothers, who were

driving the National, and they were

not mistaken in their choice.

T. A. Cox, who is also an El Centro

man, was supposed to make a great

showing with the Simplex, but un-

fortunately was thrown out of the

machines just east of San Diego. The

road from San Diego was in excellent

condition and the time made was

not fast considering previous records.

STUTZ WAS FIRST.

The Stutz was the first car to ar-

rive at El Centro, showing up at 2:34,

having made the run from San Diego

in 4 hours and 36 minutes. A stop

of less than two minutes was made

at El Centro. The Columbia was sec-

ond in arriving, at 2:52, having made

the run in 5 hours, 7 minutes. After

this the cars straggled through in

the following order: Mitchell at 3:11,

elapsed time, 4:55; Durfee at 3:23,

elapsed time, 4:55; Pope-Hartford

at 3:46, elapsed time, 5:05; National,

at 3:46, elapsed time, 5:05; Kissel

Kar, 3:47, elapsed time, 5:07; Apper-

son at 4:23, elapsed time, 5:02; Win-

ston Six at 4:28, elapsed time, 5:02;

Simplex at 4:38, elapsed time, 4:38.

The National had a little trouble just

west of El Centro, but was not de-

layed more than ten minutes. The

Columbia reported cracked cylinder

at Holtville, and proceeded from

there on three cylinders.

Residents of Imperial Valley are

much pleased at the showing made

by the Lyons boys in the National, and

interest from now on will be centered

upon them. At 8:31 the first Los

Angeles-to-Phoenix racer arrived at

Brawley, where a large number of

automobile enthusiasts from all parts

of the valley had gathered to greet

them.

Following is the time of arrival

and the elapsed time from Los An-

geles: Cadillac, No. 3, 6:24, elapsed

time 7 h. 4m.; Simplex, 6:27, elapsed

time, 7h. 5m.; Franklin, 6:42, elapsed

time, 6h. 52m.; National, 6:55,

elapsed time, 7h. 12m.; Dupmobile, 7:19,

elapsed time, 7h. 42m.; Cadillac, No.

7, 7:22, elapsed time, 7h. 42m.; Cadil-

lac, No. 1, 7:44, elapsed time, 8h.

24m.; Schacht, 8:04, elapsed time, 8h.

1m.

Fred Fuller, the National driver,

had hard luck east of Brawley and

lost nearly an hour through blow-

outs. The Kissel Kar lost considerable

time by taking the wrong road

love by throwing flour  
last night. She was se-  
in doing so.
